ELECTRONIC LOCKS

XS4 Mini Metal - Finnish

XS4 Mini with its sleek design and premium metal finish, this lock seamlessly blends style and strength with innovative smart access technology. Easy installation design, which offers a simple and hassle-free solution which eliminates the need for drilling. The XS4 Mini is specifically designed to fit standard doors, ensuring a seamless and effortless upgrade from traditional mechanical-key-operated locks to the latest in electronic access control.

Features

- Simple installation using just two screws when installing with Finnish mortise locks.
- Sleek metal finish and offers a variety of finishes to choose from, allowing for customization to match your style.
- Equipped with clear, dual-color optical signaling to indicate access authorization, with the option for an acoustic signal. Acoustic signal optional.
- Hardened anti-drill protection, ensuring resistance against potential break-ins.
- Concealed fixing screws for greater security and improved aesthetics.
- For indoor applications: Ideal choice due to its quick and easy installation process, making it suitable for retrofits
- Wide range of handles, configurations and door retrofit cover plates to meet the installation needs
